

06 Safeguarding children, young people and vulnerable adults policy

Alongside associated procedures in 06.1-06.10 Safeguarding children, young people and vulnerable adults, this policy was adopted by *Stanwix Community Pre-School* on *8th September 2025*

Designated safeguarding leads are: Rhona Hammond and Angela Correr

Aim

We are committed to safeguarding children, young people and vulnerable adults and will do this by putting young people and vulnerable adult's right to be '*strong, resilient and listened to*' at the heart of all our activities.

The Early Years Alliance 'four commitments' are broad statements against which policies and procedures across the organisation are drawn to provide a consistent and coherent strategy for safeguarding children young people and vulnerable adults. The four key commitments are:

1. The Alliance is committed to empowering children, young people, and vulnerable adults, promoting their right to be '**strong, resilient, actively listened to, and heard**'.
2. The Alliance upholds a culture of safety in which children, young people and vulnerable adults are protected from abuse and harm in all areas of its curriculum and service delivery.
3. The Alliance is committed to preventing harm and responding promptly and appropriately to all incidents or concerns of abuse that may occur. Working with statutory agencies to achieve the best possible outcomes for every child.
4. The Alliance is dedicated to increasing safeguarding confidence, knowledge and good practice throughout its training and learning programmes for adults, advocating support and representation for those in greatest need.

NB: A 'young person' is defined as 16–19-year-old. In an early years setting, they may be a student, apprentice educator, or parent/carer.

A 'vulnerable adult' (see guidance to the Care Act 2014) as: '*a person aged 18 years or over, who is in receipt of or may need community care services by reason of 'mental or other disability, age or illness and who is or may be unable to take care of him or herself, or unable to protect him or herself against significant harm or exploitation*'. In early years, this person may be a service user, parent/carer of a service user, or a volunteer.

Key Commitment 1

- All staff receive adequate training in child protection matters and have access to the setting's policy and procedures for reporting concerns of possible abuse and the safeguarding procedures of the Local Safeguarding Partners.

- All staff have adequate information on issues affecting vulnerability in families such as social exclusion, domestic violence, mental illness, substance misuse and parental learning disability, together with training that takes account of factors that affect children that arise from inequalities of race, gender, disability, language, religion, sexual orientation, or culture.
- We use available curriculum materials for young children, taking account of information in the Early Years Foundation Stage, that enable children to be *strong, resilient, and listened to and heard*.
- All services seek to build the emotional and social skills of children and young people who are service users in an age-appropriate way, including increasing their understanding of how to stay safe.
- We adhere to the EYFS Safeguarding and Welfare requirements.

Key Commitment 2

- All staff are trained in line with the Criteria set out in Annex C of the EYFS. Our training provider is CSCP (Cumberland Safeguarding Children Partnership)
Safeguarding training is renewed every two years. The designated safeguarding leads ensure support, advice and guidance for all staff to meet their safeguarding responsibilities by:
 - Regular supervision and 1:1/Team briefings, CSCP bulletins, group supervision, reviewing safeguarding procedures together at staff meetings.
 - There are procedures in place to prevent known abusers from coming into the organisation as employees or volunteers at any level.
 - Safeguarding is the responsibility of every person undertaking the work of the organisation in any capacity.
 - There are procedures for dealing with allegations of abuse against a member of staff, or any other person undertaking work whether paid or unpaid for the organisation, where there is an allegation of abuse or harm of a child. Procedures differentiate clearly between an allegation, a concern about quality of care or practice and complaints.
 - There are procedures in place for reporting abuse of children or a young person in the setting.
 - There are procedures in place for reporting safeguarding concerns where a child may meet the s17 definition of a child in need (Children Act 1989) and/or where a child may be at risk of significant harm, and to enable staff to make decisions about appropriate referrals using local published threshold documents.
 - There are procedures in place for reporting abuse of a vulnerable adult in the setting.
 - There are procedures in place in relation to escalating concerns and professional challenge.
 - There are procedures in place for working in partnership with agencies involving a child, or young person or vulnerable adult, for whom there is a protection plan in place. These procedures also take
- Policies & Procedures for the EYFS 2025/26 (Early Years Alliance 2025)*

account of working with families with a 'child in need' and with families in need of early help, who are affected by issues of vulnerability such as social exclusion, radicalisation, domestic violence, mental illness, substance misuse and parental learning disability.

- These procedures take account of diversity and inclusion issues to promote equal treatment of children and their families and that take account of factors that affect children that arise from inequalities of race, gender, disability, language, religion, sexual orientation, or culture.
- There are procedures in place for record keeping, confidentiality and information sharing, which are in line with data protection requirements.
- We follow government and Local Safeguarding Partners guidance in relation to extremism.
- The procedures of the Local Safeguarding Partners must be followed.

Key Commitment 3

- We have a 'designated safeguarding lead person', who is responsible for carrying out child, young person, or adult protection procedures. *(It is recommended that this person is the setting manager.)*
- The designated safeguarding lead is responsible for overseeing all child, young person or adult protection matters.
- The 'designated safeguarding lead' ensures they have links with statutory and voluntary organisations regarding safeguarding children.
- The 'designated safeguarding lead' ensures they have received appropriate training on child protection matters and that all staff are adequately informed and/or trained to recognise child abuse in the categories of physical, emotional, and sexual abuse and neglect.

Physical Abuse

Physical abuse is deliberately physically hurting a child. It may take a variety of different forms, including hitting, pinching, shaking, throwing, poisoning, burning, or scalding, drowning or suffocating a child.

Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child. Physical abuse can also occur outside of the family environment.

Some of the following signs may be indicators of physical abuse:

- Children with frequent injuries
- Children with unexplained or unusual fractures or broken bones
- Children with unexplained:
- Bruises or cuts.
- Burns or scalds; or

- Bite marks

Emotional Abuse

Emotional abuse is the persistent emotional maltreatment of a child. It is also sometimes called psychological abuse and it can have severe and persistent adverse effects on a child's emotional development. Emotional abuse may involve serious bullying, including online bullying through social networks, online games or mobile phones by a child's peers.

Some of the following signs may be indicators of emotional abuse:

- Children who are excessively withdrawn, fearful or anxious about doing something wrong
- Parents or carers who withdraw their attention from their child, giving the child the 'cold shoulder'
- Parents or carers blaming their problems on their child
- Parents or carers who humiliate their child, for example, by name calling or making negative comparisons

Sexual abuse and exploitation

Sexual abuse is any sexual activity with a child. I am aware that many children and young people who are victims of sexual abuse do not recognise themselves as such. A child may not understand what is happening and may not even understand that it is wrong. Sexual abuse can have a long-term impact on mental health.

Some of the following signs may be indicators of sexual abuse:

- Children who display knowledge or interest in sexual acts inappropriate to their age
- Children who use sexual language that you wouldn't expect them to have
- Children who ask others to behave sexually or play sexual games
- Children with physical sexual health problems, including soreness in the genital and anal areas, sexually transmitted infections or underage pregnancy.

Child sexual exploitation

Child sexual exploitation is a form of sexual abuse where children are sexually exploited for money, power, or status. It can involve violent, humiliating and degrading sexual assaults. In some cases, young people are persuaded or forced into exchanging sexual activity for money, drugs, gifts, affection, or status. Consent cannot be given, even where a child may believe they are voluntarily engaging in sexual activity with the person who is exploiting them. Child sexual exploitation doesn't always involve physical contact and can happen online. A significant number of children who are victims of sexual exploitation go missing from home, care, and education at some point.

Some of the following signs may be indicators of sexual exploitation:

- Children who appear with unexplained gifts or new possessions
- Children who associate with other young people involved in exploitation
- Children who have older boyfriends or girlfriends
- Children who suffer from sexually transmitted infections or become pregnant
- Children who suffer from changes in emotional wellbeing
- Children who misuse drugs and alcohol
- Children who go missing for periods of time or regularly come home late
- Children who regularly miss school or education or don't take part in education

Neglect

Neglect is a pattern of failing to provide for a child's basic needs, whether it be adequate food, clothing, hygiene, supervision or shelter. It is likely to result in the serious impairment of a child's health or development.

Some of the following signs may be indicators of neglect:

- Children who are living in a home that is indisputably dirty or unsafe
 - Children who are left hungry or dirty
 - Children who are left without adequate clothing, e.g. without a winter coat
 - Children who are living in dangerous conditions, i.e. around drugs, alcohol or violence
 - Children who are often angry, aggressive or self-harm
 - Children who fail to receive basic healthcare
 - Parents who fail to seek medical treatment when their children are ill or are injured
-
- The 'designated safeguarding lead' ensures all staff are aware of the additional vulnerabilities that affect children that arise from inequalities of race, gender, disability, language, religion, sexual orientation, or culture and that these receive full consideration in child, young person, or adult protection related matters.
 - The 'designated safeguarding lead ensures that staff are aware and receive training in social factors affecting children's vulnerability including, but not limited to:
 - social exclusion

- domestic violence and controlling or coercive behaviour
- mental illness
- drug and alcohol abuse (substance misuse)
- parental/carer learning disability
- radicalisation
- The 'designated safeguarding lead' ensures that staff are aware and receive training in other ways that children may suffer significant harm and stay up to date with relevant contextual safeguarding matters:
 - abuse of disabled children
 - fabricated or induced illness
 - child abuse linked to spirit possession
 - sexually exploited children
 - children who are trafficked and/or exploited
 - female genital mutilation
 - extra-familial abuse and threats
 - children involved in violent offending, with gangs and county lines.

The 'designated safeguarding lead' ensures they are adequately informed in vulnerable adult protection matters.

Key commitment 4

- There are procedures in place to ensure staff recognise children and families who may benefit from early help and can respond using local early help processes. Designated safeguarding leads should ensure all staff understand how to identify and respond to families who may need early help.
- Staff are supported to make the right decisions that enable timely and appropriate action to be taken.
- Designated safeguarding leads contribute towards local safeguarding arrangements to ensure that the views of the sector are heard at the highest level by:
 - Finding out how education and childcare are represented at a strategic level within their Local Safeguarding Partnership (LSP) structures.
 - Sharing their knowledge of the experiences of children in their cohort with LSP local leaders
